

Leased Network

Frequently asked questions

Does Dental Benefit Providers and Dental Benefit Providers of California lease their dental network?

Yes. Dental Benefit Providers currently has leasing agreements in place with the following companies that can be state specific or national who have access to our dental networks. This allows Dental Benefit Providers to promote your practice to a wider range of groups, giving you exposure to more patients. If you have any questions about Dental Benefit Providers Network, contact Provider Services at **1-800-822-5353**.
